EID / LANDING FIXTURE

ELEVATOR IDENTIFY DISPLAY

The Elevator Identify Display (EID) is an ideal product for destination control lift systems. It provides a highly visible illuminated legend to show the lift car identification.

The EID is easy to wire up and to connect to any existing installation. The EID comes in a range of LED colours. The EID has a space provision for either an optional arrival gong (AD-2T) or our customizable Voice annunciator (AD-DVA-M2).

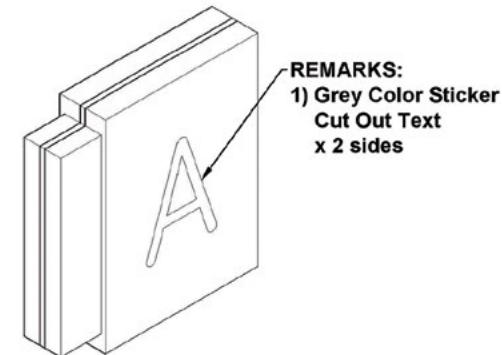

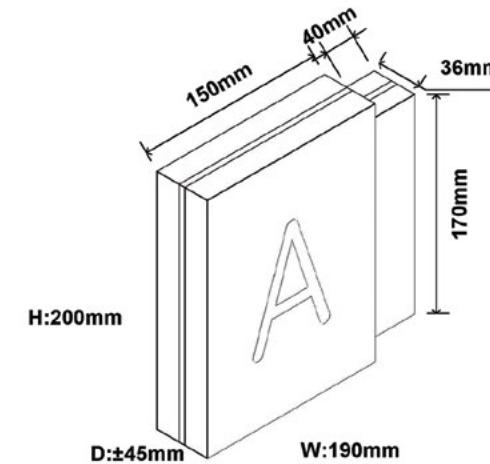

FEATURES:

- Low voltage, long life LED back-light
- Custom mounting options available
- Unique custom design
- Custom lift lettering/numbers
- Landing gong optional
- Customizable voice annunciator optional
- High quality LED in a range of colours

SPECIFICATIONS:

Supply Voltage - 15V - 30V DC
Operating Current (LED) - 180mA
Operating Current (AD-2T) - 250mA
Operating Temperature - 0°C - 50°C
