55" OPAL Lobby Display Screen

features

The new slim line designed, bright LED display has a wide viewing angle, complimented by a sleek, high grade stainless steel bezel.

Various mounting options for both portrait & landscape allow for installation into a multitude of environments.

Update and retrieve custom content for your lobby display via your buildings network or directly via USB.

Our dedicated software gives you complete control over the directory content on your display screens at any time. Update tenant listings, building notices, advertising and more, all with ease. Minimise costs downtime to your lobby information system with the Pixel 55" OPAL lobby display.

customise

The high quality stainless steel bezel around the OPAL 55" lobby screen has a slim fit and low profile.

Should you need a specific size to fit a wall panel or cavity though, Pixel Technologies can custom make a bezel to meet your needs.

Screen design layouts are customised to meet your requirements and the included software makes it easy to perform changes and updates quickly.
